

Helping millions of Americans save money and stay healthy. It's why we do what we do.

Paramount Rx works with organizations all over the country, giving them the power to provide their members with access to affordable prescription drugs.

With strong connections to a nationally recognized pharmacy network, our ability to deploy a customized, consumer-driven prescription discount program can help our partners strengthen their brands and measurably increase profits.

Why partner with Paramount Rx?

It's simple, we care — about the pharmacies we work with, the organizations we partner with, and the families and communities we assist and give back to.

At Paramount Rx, we are invested in the long-term success of our partners and dedicated to improving the lives of hardworking American families who are in need of affordable access to prescriptions. We work to fulfill that mission, every day.

Program features and benefits:

- **SIMPLE SOLUTIONS**

We create, implement and manage consumer-driven prescription programs that lower costs and drive customer loyalty. Web-based tools allow customers to locate participating pharmacies, research prescription drug information and identify preferred network pricing.

- **TRANSPARENT PRICING**

Our partners benefit from continuously updated competitive market pricing, aligning the interests of the consumer and pharmacy provider to enable real world savings and measurable profits.

- **A TRUE BUSINESS PARTNER**

Whether developing programs for national trade associations, employer groups, community service programs, or creating preferred provider networks, we use our proactive marketing resources to help activate communities and drive results for partners.

WHAT OUR CUSTOMERS ARE SAYING:

"Their business is adaptable and flexible and can really meet any need that their customers may have."
